History

THE UNIVERSITY OF TENNESSEE, MARTIN BRANCH, is located in the northwestern part of the state. It is situated about halfway between historic, earthquake-formed Reelfoot Lake and Kentucky-Tennessee Lake, the latter being one of the largest man-made bodies of water in the United States. It is located in an excellent area for boating, fishing, hunting and picnicking.

The main campus includes 75 acres of beautifully wooded land on state highway 22 in the western limits of Martin, a city of 5,000 population. Buildings on the main campus are arranged on an open quadrangle with paved drives located outside the campus proper so that vehicles do not disturb pedestrian traffic. The demonstration farm adjacent to the main campus contains 453 acres.

The roots of UTMB go back to the founding by a group of Baptists of Hall-Moody College in 1900. When Hall-Moody was amalgamated with Union University, Weakley County and the City of Martin floated \$100,000 worth of bonds to purchase the property, and in February of 1927 a bill was passed in the state legislature creating a state junior college to be operated by The University of Tennessee. In 1946 Look Magazine rated U-T Junior College among the fourteen best in the nation.

In 1951, the school was made a senior college by legislative enactment and its name was changed to The University of Tennessee, Martin Branch. At the present time UTMB offers degrees in agriculture, business administration, education, home economics and liberal arts. In addition to these degree programs two years of journalism and two years of basic engineering are offered.

During the past decade new buildings have been erected on the campus. These include a building that houses agriculture, biology and the library; dormitories for men and women; an administration building which also houses education, business administration, modern languages, and a part of home economics; an engineering-physical sciences building soon to be completed and which will house engineering, physics, chemistry, geology and geography. Another building already on the drawing boards and to be begun as soon as the plans are completed is one to house physical education. Additional housing facilities for both men and women are projected for 1963. A library building and a building to house education will probably be among the next major structures to be built.

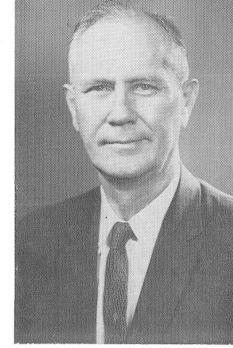

Dr. Paul Meek.

DEAN AND

ADMINISTRATIVE HEAD

Dr. Paul Meek, dean of The University of Tennessee, has been head of the Martin Branch since 1934. From its beginning in 1927 the institution has had only one other chief administrative officer.

Dean Meek is a native of Weakley County and served as superintendent of Harlan, Ky., city schools before becoming head of UTMB. He did both his graduate and undergraduate work at The University of Tennessee at Knoxville.

DR. PAUL MEEK

He has served as president of the Tennessee College Association and is a member of the Tennessee Education Association and National Education Association. Dean Meek is also a member of the Martin Rotary Club, of the Weakley County Chamber of Commerce and is Chaplain of the local post of the American Legion.

For a number of years he has been an active member and a lay leader in his church. At the present time he is a member of the Board of Education of the Memphis Conference of the Methodist Church. Lambuth College, in recognition of his outstanding work as a religious leader and educator, awarded Dean Meek the honorary degree of Doctor of Laws in 1959.

During his tenure of office as administrative head, Dean Meek has seen the annual enrollment of UTMB grow from less than 100 to more than 1,300. By 1965, the enrollment is expected to reach 1,600, and by 1970 it is charted to climb to 2,000. At the present time, the institution ranks about seventh in the state in the number of first-time freshmen enrolled each fall quarter. This number is expected to reach 600 in the fall of 1961.

Dean Meek has always been an enthusiastic booster of athletics at UTMB and is an active fan in all of the major sports.

J. C. HENSON

J. C. Henson

ATHLETIC DIRECTOR

Now in his 15th year at The University of Tennessee, Martin Branch, J. C. Henson has served as athletic director in the period of the school's rise to a larger and expanded program of inter-collegiate sports. He has been at UTMB since 1946.

A native Mississippian, he earned four letters in football and three in track at Mississippi State. He was a starting tackle on the Maroon team of 1935 that beat Alabama's Rose Bowl team and Army's undefeated team. He captained the track team

in his senior year at Mississippi State.

Henson coached in high schools in Alabama and Mississippi and for a short time coached at Mississippi Junior College before coming to U-T Martin. In 1946, he was made assistant to coach Paul Hug. The next year he took the reins as head football coach, a position he held nine years. He was basketball coach from 1947 until 1952. He assumed the duties of athletic director in 1957 and has held the rank of full professor since September of 1960. In addition to his athletic directorship, Henson serves the University as chairman of health and physical education in the education department and as men's tennis coach.

Henson received the bachelor of science degree at Mississippi State and later the master of science degree in education there. He also holds the master of arts degree in health and physical education from Alabama.

Increasing enrollment has led to degree expansions in the Department of Education with an endorsement in health and physical education. Crowded facilities of the old gym, expanded course offerings and an increasing number of students to be served by the department emphasize the need for new facilities. At the present time plans call for a modern gymnasium to be built on a site west of the campus where 25 acres have been set aside for athletic purposes. UTMB looks forward to a new gym and a possible new stadium which are necessary for future contests with larger schools.

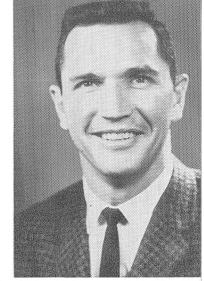

In July, UTMB became a member in the college division of the NCAA (National Collegiate Athletic Association).

Robert Carroll

HEAD COACH

Robert Carroll is beginning his fifth year as head football coach at The University of Tennessee, Martin Branch. His teams have compiled the impressive over-all record of 24 wins, 8 losses and one tie. Other achievements include winning a conference title and placing four players on Little All-America teams.

During his playing days Carroll was an outstanding backfield man both at UTMB and at Wyoming. His first two years of football at UTMB are reflected in the success of the teams on which

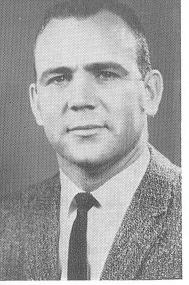

ROBERT CARROLL

he played. He was considered one of the shiftiest runners in UTMB Vol history. Carroll transferred to Wyoming for his junior and senior years and played under Phil Dickens, former University of Tennessee star and now head coach at Indiana University. He was a member of the 1956 team that defeated Texas Tech in the Sun Bowl.

Carroll's football playing did not interfere with his studies. In 1954 he was named to the Academic All-America team. Carroll graduated from Wyoming in 1956 with honors. He was a member of Psi Chi, national honorary psychology fraternity. He served in the Marine Corps during 1951 and 1952 and was discharged with the rank of sergeant. He is a native of Milan, Tennessee.

This year the 29-year-old Carroll will begin the season with several outstanding members of his 1960 squad. These men distinguished themselves under fire as sophomores and juniors last season. Carroll believes in hard-nose football and demands absolute devotion to duty from his players. Strict attention is paid to their academic progress. He prefers a high-scoring ball club both on the field as well as in the books. In 1960 the UTMB Vols averaged approximately 30 points per game.

Carroll is an instructor in history and his knowledge is quite evident in the classroom, according to his students. At Wyoming he received an award for outstanding achievement in history. Carroll's talents are attested to by the fact that he has never been associated with a losing team. He is well qualified for his work both by his experience and his keen understanding of men and the game.

ROSS ELDER

GROVER PAGE, LINE COACH

This season marks Grover Page's third campaign as a member of the U-T Martin coach staff. He joined his two former teammates of Wyoming in the summer of 1959. He was an outstanding center on the Wyoming team that defeated Texas Tech in the Sun Bowl in 1957.

Page attended Georgia Military College before transferring to Wyoming and he was named to the Junior College All-America team. After graduation from Wyoming in 1957 he served in the Army as second lieutenant.

Page coached prep football and basketball at Aiken, S. C., High School before coming to UTMB. Along with his present duties as line coach, he is an instructor in health and physical education.

ROSS ELDER, END COACH

Ross Elder is right at home coaching the U-T Martin ends. A teammate of head coach Robert Carroll at Wyoming, Elder enrolled there in 1953 and played on the team four years. A muscular 205 pounder, Elder starts his third year as end coach.

He capped a successful collegiate career by receiving honorable mention All-America in 1956. He was a unanimous choice for All-Skyline Conference end his senior year, and he played in the Blue-Gray game at Montgomery, Ala., in 1956.

Following graduation he coached at Worland, Wyoming, High School. He then went to Indiana University to work on the master's degree, and there he assisted his former coach, Phil Dickens, who had transferred from Wyoming.

RONALD GILL ATHLETIC PUBLICITY

Beginning his second year as sports information officer, Ronald Gill handles the job of drumbeater for the UTMB Vols.

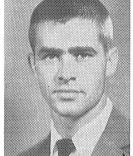

A junior in business administration, he works daily getting out news releases, photos, statistics, schedules, scripts, brochures, histories, posters and programs. Gill reports to both the wire services and the newspapers. He also conducts the daily radio program, "UTMB Sports Parade." over the local station.

In addition to his job of reporting sports news, Gill serves as sports editor of UTMB's official student newspaper, The Volette. In both capacities he works in close cooperation with the public relations office.

Equipment Manager

Curtis Shelton assumes the duties of team manager this year. He moves up from the assistant's spot which he capably filled last year. He is responsible for the upkeep of equipment and the daily assignment of uniforms. He is a junior in education.

SHELTON

JEFF BRANHAM

Trainer

A most valuable member of the staff is Trainer Jeff Branham. He will administer to physical needs of players, the all important job that involves continuous efforts to prevent injuries and treatment once sustained.

Branham has lettered three years in baseball.

RONALD GILL

GEORGE INGLE

Statistician

Ingle will serve as the official statistician for 1961. He is a new man on the football staff but is not a newcomer to sports having served as basketball statistician. He will assist Ronald Gill with the announcing job on some of the daily radio programs.

JAY KESSLER

The Opponents

ARKANSAS STATE TEACHERS

Head Coach Frank Koon's Bears had a good season last year. They were only three points away from a perfect season. Arkansas Tech slipped by them 3 to 0 for the AIC title. Only four teams scored against Arkansas State Teachers last season.

In a driving, fierce storm last October the Bears proved to be too much for UTMB's Vols and won 19-6 at Conway. The Vols are hungry for a victory over the Bears and should give them a hard way to go in 1961.

Coach Koon uses a winged T attack. Losing only five lettermen, prospects look good with 28 lettermen returning. Charles Gates and Dennis Wewers are the 1961 co-captains.

The Bears placed five players on the all-conference team. The NAIA statistical report showed ASTC fourth in team rushing in the nation, 12th in team rushing defense, 14th in team total defense, and 22nd in team total offense.

AUSTIN PEAY STATE

The Austin Peay - U-T Martin contests date back to 1930 when the Vols took a 32-0 win over the Governors. The colorful gridiron battle was halted for several years but revived again in 1959. UTMB has won the last two arguments on the field, but both games were close and hard-fought.

Head Coach Art Van Tone is in his second year as the Govs head mentor. Last year's mark at the season's end was two wins and eight losses. They lost the final two games by one point each. Their two wins came against Jacksonville State and Troy State.

MISSOURI SCHOOL OF MINES

The Miners had a so-so season in 1960 but they are a tough customer and a force to be reckoned with. Their schedule included Southeast Missouri, Pittsburg (Kansas), Southern Illinois, Washington University, Northeast Missouri, Central Missouri, Northwest Missouri, and Southwest Missouri. Last season's record was no wins and nine losses.

Coach Gale Bullman lost 17 lettermen last year. He has 15 returning to the squad. UTMB's 20 to 12 victory last October was not easily come by. This year's battle at Martin should prove to be exciting.

MURRAY STATE

Murray State appears on the U-T Martin schedule for the first time in 30 years. The Vols at Martin replaced the University of Louisville on the Racers' chart.

If the number of returning lettermen is any sign of MSC's football strength, the 1961 squad may be plenty strong. The Racers of this season enter the arena with 25 lettermen available. They lost only four. Murray is rated as the team to beat in the OVC.

After a couple of average seasons Murray State whipped five opponents last season including Southeast Missouri (21-10), East Tennessee (14-0), Eastern Kentucky (21-19), Western Kentucky (26-7), and Morehead State (14-8). They tied for second place in the tough Ohio Valley Conference. Their record at the season's end stood at five wins and five losses.

Coach Don Selton prefers an unbalanced T formation—5-4-2. He is in his second year at MSC.

This year's contest will be at Murray State's 6,000-seat Carlisle Cutchin Stadium.

LIVINGSTON STATE

The 1961 Livingston State football team will consist of several returning lettermen plus the addition of some outstanding junior college transfers and freshmen.

Livingston has always played spirited ball against the Vols. The Orangemen barely emerged as 14-12 victors in 1960 in a hard-fought contest.

Livingston, under Coach Jim Garner, uses a pro type offense which features a fine passing attack. The Tigers will be UTMB's 1961 homecoming opponent and the contest should be an outstanding one.

DELTA STATE

Coach Horace McCool's Statesmen posted a 6-3 record last season. The big boys from the Delta handed UTMB its worst defeat of the 1960 campaign last October, 34 to 8.

The series now stands at 1-2. Delta State has won the last two games. The Orangemen will provide the homecoming opposition at Delta State this year and the game should be a thriller.

Coach McCool's squad lost to Arlington State, Howard, and Louisiana College last year. They won games from Florence State, Arkansas A. & M., Southeast Missouri, UTMB, Northeast Louisiana, and Ouchita.

DSC has a new stadium—Delta Field—which seats 3,500. The Statesmen operate from a modified split T, and will field a veteran team in 1961.

CARSON NEWMAN

This year's game will be at the Eagles' 4,000-seat McCown Field. They were last season's runner-up in the conference. Their seasonal mark was four wins and five losses. They won games from Austin Peay, Georgetown, Jacksonville State and Maryville. Their losses came at the hands of Western Carolina, Emory and Henry, Appalachian State, UTMB and Newberry.

Coach Harmon's squad operates a wing-T. Sixteen monogram winners return to the 1961 Eagles' nest. They lost 12 from last year's squad. Co-captains Fran Buhler and Dan Carter head this season's aggregation.

This year's schedule lists two newcomers, Howard College and Mississippi College; dropped were Jacksonville State and Georgetown.

TROY STATE

Forming the backbone of Troy State's 1961 football force are 12 returning lettermen. The Red Waves posted a 1-8 mark last season and ranked last in the Alabama Collegiate Conference. Troy State plays a sensational passing game and are expected to be tougher in 1961. The team was handicapped last year by a lack of depth.

Louisiana College and Florence held Troy State scoreless while Tampa, UTMB, Austin Peay, Jacksonville State, and Howard College defeated them. Troy State's only win was a 27 to 6 decision over Livingston State.

This year's game is at Troy State's 5,000-seat Memorial Stadium.

FLORENCE STATE

The 1961 Florence State football force will be built around 16 returning monogram winners. The Lions were Alabama Collegiate champs in 1960 with a season record of 7-3.

Last year's UTMB-Florence State contest was one of the season's most exciting. The Vols were within inches of a PAT but lost 21-20 in the final moments of the game at the 7,500 capacity Coffee Stadium at Florence.

Coach Hal Self likes a single wing style and uses it very effectively. They took games from Middle Tennessee, Murray State, Jacksonville State, Troy State, Livingston State, Austin Peay and UTMB last season. They lost to Delta State, Southeast Louisiana, and Arkansas State. Three of their victories came by only one point. Billy Anderson and John Willis are the 1961 co-captains.
